

4 Year Class Schedule

(Marching Band)

It is possible to be in music for 4 years, graduate on time, and still have extra electives in your schedule. Follow this plan when picking your schedule for next year. All Marching Band/Guard students **must** be enrolled in Zero Period Band. Freshmen and Sophomores must also be co-enrolled in Intermediate Band during the day unless otherwise agreed upon. Marching Band covers your Performing arts and PE requirement for graduation if you do all 4 years of Zero Period.

Classes offered during the day are: Intermediate Band, String Orchestra, Jazz Band, and Music Theory. All Freshmen and Sophomores in marching band must be co-enrolled in Zero Period and Intermediate Band, unless otherwise agreed upon. To join Jazz Band you must get teacher's approval before signing up for that class.

4 Year Class Schedule

(Non-Marching Band/Orchestra)

It is possible to be in music for 4 years, graduate on time, and still have extra electives in your schedule. Follow this plan when picking your schedule for next year. To have music all 4 years without a zero-period class you must not take PE your sophomore year. Then finish your PE credits during 11th grade. Music covers your Performing Arts requirement for graduation. Classes offered during the day are: Intermediate Band, String Orchestra, Jazz Band, and Music Theory. Sophomore year history can be taken over the summer for more room in your schedule, if you want.
